[ FULL DESCRIPTION ]

### ADDON T3+

Our award winning model T3 has now been improved. We focused on enhancing the sonic character by finetuning DSP settings and optimizing the bass.

The Addon T3+ is a small wireless and portable speaker with a big heart. A clean and crisp sound with deep bass, combined with massive battery power. And you can charge your smartphone while on the go, the battery will last longer than your phone's. With simple operations, elegant design, incredible sound characteristics and maybe the best battery life on the market, it is the perfect portable speaker for your everyday life.

### DESIGNED WITH YOU IN MIND

The Addon T3+ is dedicated to portable music. No gadgets, silly features or decorations. This is a no nonsense speaker with great sound in focus. Easy to use, easy to like.

### TOP 3 FEATURES:

#### Play longer and louder

Up to 30 hours at 50% volume and 12 hours at max volume, the battery will keep the music flowing.

#### Genuine materials

Built with solid aluminum, dense wood cabinet and a real leather handle.

#### Awardwinning sound

Improved version of our award winning T3 model.
